

13th March 2020

Parents/Carers

We are continuing to follow advice published by the government from Public Health England in respect of Coronavirus.

We are committed to reducing the risk by ensuring effective hygiene practices are in place for both children and staff. We remain vigilant in ensuring regular and effective cleaning is carried out to a high standard, and hand soap and paper towels are available for children and staff to use.

In keeping with these national guidelines, we ask if your child develops the following symptoms you must keep them at home and not bring them into nursery for the 7 days after the onset of the symptoms, as advised by the government:

- New continuous cough and/or
- High temperature

We have not been put on alert to close and at present we have no plans to close the nursery for any additional time. If we are advised differently by Public Health England and the Department for Education to close, we will inform parents and carers immediately.

Information and guidance on Coronavirus can be found on [gov.uk website](https://www.gov.uk).

Thank you for your support.
